

Dino Stojkoski

Software Engineering Student

PROFILE

I am a driven and ambitious software engineering student, currently pursuing a bachelor of science in "Software Engineering and Information Systems" at FINKI with a strong passion for technology and software development. I eagerly accept new challenges and am always ready to improve myself in new technologies and methodologies. I look forward to the opportunity to collaborate with experienced professionals, contribute to meaningful projects, and continue to develop as a software engineer.

TECHNICAL SKILLS

Front-End: HTML, CSS, JavaScript, ReactJS, Bootstrap, TailwindCSS

Back-End: Java Spring Boot, PHP

Programming Languages: C, C++, C#, Java

Databases: SQL, MySQL

Version Control: Git & GitHub

PROJECTS

Virtual Library System

- Description: A web application allowing users to manage their personal book collections. Users can register, add books to their library, and track reading progress.
- Technologies Used: Java Spring Boot, MySQL, HTML, CSS, Bootstrap

Expense & Income Tracker

- Description: A personal finance tracking tool to manage expenses and income, providing insights into spending habits.
- Technologies Used: Java Spring Boot, MySQL, HTML, CSS

Travel Journal

- Description: A Travel Journal, created to practice ReactJS. It includes descriptions of places that I have visited along with some future adventures.
- Technologies Used: ReactJS, JavaScript, HTML, CSS

To-Do App

- Description: A simple task management app to help users keep track of their daily tasks and stay organized.
- Technologies Used: JavaScript, HTML, CSS

Flashcard App

- Description: An educational app for creating and reviewing flashcards, designed to assist users in memorizing important information.
- Technologies Used: JavaScript, HTML, CSS
